

## Sichuan to Invest RMB82.5B in Petrochemical Industry

13 Oct 2009

Sichuan Province plans to inject a total of RMB 82.5 billion into 137 projects in the natural gas, chemicals, and petrochemicals industry

## China Gives VC Companies More Freedom

14 Oct 2009

China's securities watchdog yesterday said that venture capital (VC) companies under partnership could be allowed to become shareholders of listed companies.

## Solar Industry Is Reined in

26 Oct 2009

China is attempting to rein in overcapacity in the country's solar energy sector despite the government's ambitious goal to increase solar capacity from 50 megawatts in 2008 to between 10 and 20 gigawatts by 2020.

## Morgan Stanley Court Battles over China Derivatives

29 Oct 2009

The case comes at a sensitive time for global banks, with Beijing seeking to clamp down on the over-the-counter derivatives markets after a raft of state-owned companies made disastrous bets on currency and commodity movements.

## China Lets Foreigners Set up Limited Partnerships

3 Dec 2009

Foreign firms and individuals will be allowed to set up limited partnership firms in China from March 2010, a move that could make it easier for some overseas investors to tap the domestic market.

## 13 New PE Funds Filed with NDRC; Bulk Incorporated in Tianjin Binhai New Area

23 Dec 2009

The National Development and Reform Commission recently unveiled the third batch of 13 filed private equity fund management companies. The list marks the expansion of PE team after the second batch of seven PE funds including IDG and SAIF Partners. The third batch of filed PE funds were mostly incorporated in Tianjin Binhai New Area.
